Hey Kim,

I want to tell you that I am experiencing convulsions now.
This is unacceptable and insist that we support your effort.

What are your costs to keep the group running? I'd like to
think we can all chip in to keep it stable.
Count me in anyway.

Thanks for getting us back bro!

Tom

I heard that the Great Spaghetti monster came down and peed on the server
causing untold havoc. And lots of guys slapping their desks in frustration.
If you listened to the wind, you could hear the chant for the return of our
electronic daily fix.
