I've just gotten on board with this in the last couple of months. A mighty big time waster, but gee, if there's anything on the net I've found that's as addictive as this place, Myspace is it.

Seems to be the in thing at the moment for artists too.

Cheers,
Kim.

Yo Kim -

I really dig myspace. Such an easy way to find new music (and hear it) - and such an incredible way to network for artists. What's your page Kim?

Sent you a friend request. Two in fact. One from my artists page and one from my personal page...

....and also the doctor's bag. ;o)

Cheers,
Kim.
