I'm gonna be in the area and so is Aaron Allen and so is Dedric Terry and so is.....

Jamie??, John Macy??, Mic Cross???, El???.....who else???.....

.....and since Kim is making the effort to come all the way from Australia, that means that the rest of you guys have no excuse not to make it from wherever you live.

We all need to get together for dinner. I'm not sure exactly where yet but if enough of us show up we could probaly make an impression wherever we end up.

I think there's a restaurant down in he old red light district called the Bull & Snatch. I'll have to check. Southwest flies to Denver now.

Neil, it's gonna be between 10 and 11 each way from Tulsa... pick you up on the way if you're in the area? NO farting in the car though, LOL.... well, you can't anyway. My car, I get butt trumpet privs.

It'll be worth every minute of it. Besides, I have to get the heck away from this day gig for a while!

If you can drive there from Tulsa, that means that you and Mr. Snortyhorse can race each other since he'll be driving across Kansas.....of course, when you get on I70 to drive across Kansas, it's like trying to walk the wrong way on one of those airport belt driven walkways. Seems like for every mile you travel at 60MPH, you only go about 1/2 mile. Last summer when I drove across Kansas I didn't want to stop because I had the sensation that when I did, I was moving backward in time.

Where's Idaho Springs? We could probably just all go there and crash the gig....especially if it's a private party.

Wow, really?

That's great!! I'd love to get together with everyone. My best
availability on May 5th looks like evening. Dinner maybe?

I'm playing with a rock band that night at a bar that serves food. Or
maybe it's a restaurant that servers drinks. So one possibility would be
to meet there for dinner. We start playing at 9pm.

Cheers,

Because we can, and we should. For me it's about making a trip up to meet
all these dudes I've known over the net for years but never had the
priviledge to have met in person.
It'll be a cool hang.

Here is the venue I'm playing:
<http://www.bakerstreetpub.com/Main.aspx>

This is the band:
<http://profile.myspace.com/index.cfm?fuseaction=user.viewpro file&friendID=7999102>

Lakewood is right next to Denver, just a couple miles from downtown.

I have to stay and play until late but if ya'll want to head out to check out John's gig later, Idaho Springs is up in the hills a little ways out of Denver. I'm guessing 30-40 minutes from Lakewood.

Cheers,
-Jamie

I talked to Dedric and Aaron about this earlier tonight. The purpose of this is to just get outta' town and hang out with friends. . I had a feeling that the working musicians would be gigging on Saturday night. I wouldn't have a problem reschedulling this for a weekend where you and John were free. I know Dedric also has some weekend things that would require some advance notice. I'll likely be driving up on a Friday and spending the night in Boulder before heading south to Denver. there are some places I want to visit in/around Boulder, but that could be *any* Friday.

Is there a time/date that would work so everyone could get together?

Hanging out sounds great. I'm not gigging on the 4th, and I could meet
up in Boulder no prob if you're there that weekend. The 5th is pretty
busy but I'm free for dinner if it's not too far from the gig in Lakewood.

The weekend of the 11th/12th looks good right now, so far I'm not booked

that weekend and am pretty flexible both days to meet up in Denver or Boulder.

My gig schedule is at www.JamieKrutz.com/upcomingshows.html

Cheers,
-Jamie

Friday night the 4th is bad for me till after 10P,
then I'm up for cocktails...Pretty good all day Saturday

the 5th till 7:30...

The following weekend is swamped for me...

Sonofabitch. I'm on call at work that week - can't go far from the house in case some nurse gets herself locked out of the network or dumps a Sprite into a printer at 3AM.

Believe me, I would absolutely love to go.

Shit.

Will do. Looks like Aaron and I will be showing up on Thursday.....at least
that's what we're talking about right now.
