o/Cubase rig and I'm looking to get into PT but am thinking I might have to move up to the m-audio profire lightbridge as my interface because I fly tracks between my two computers all the timeHow the fuck did this get here?

This is the second time I've sent an email that ended up on the NG - weird

(Phoenix, AZ)Hi

Thanks for the direct email addy, makes communicating that much easier for me as I really don't like gmail.com

Right now I'm deciding how deep into PT I want to go. I presently have a Paris rig and a Nuend
