Hi everyone,

I have been a Paris user for the past 10 years...Love It!

However, I need to find a crack or key-gen for the response. My drive went down and I ghosted a new drive and put it in and sure enough I need a new response ans do not really have a week to wait. Because it is a ghost I cant do a fesh install and get the 7 day demo time back.

Does anybody have the crack for Paris 3.0???

Thanks,
