Thanks for the kind words about Si, all you PARIS dog folk... and...
welcome to the newest family member, Jingle Jill (named by Jack, of
course).

A bit soon perhaps - and not a replacement for Si, just someone new.
But we reckoned a boy (and maybe his Mom and Dad) could use a buddy
this particular Christmas :D

- K

Isn't that pic shown underneath the definition of "cute puppy" in Websters?

Merry Christmas.

I have to be careful with that pic - it's already sent one diabetic
into a coma :)

She's even worse "in person"; sure does light up the house. Seems to be
a perfect studio dog too, she slept between my feet for most of a five
or six hour session today, just nagging me to take a break now and then
(which is what I should be doing anyway).

Yep, as you observe, Christmas came a little early this year at our
place. An advance Merry Christmas to you and the family and pups too,
Deej.

You can tell by her eyes - she's already assessing who to take
out first... WATCH OUT FOR YOUR MOGAMI'S!!!

:D

Best of luck with the new pup; and Merry Christmas.

Very cool. Enjoy the puppy while puppyhood is happening. I remember when

our pups were small enough lay between my feet. Now they're on the payroll
as bass traps and security guards.
Thanks for the well wishes.
