Subject: plugin latency Posted by uptown jimmy on Sun, 01 Apr 2012 15:20:35 GMT View Forum Message <> Reply to Message

Hey, guys.

I was going to try to use Autotune on a few tracks for fun. Is there latency? And if so, what's my best trick for dealing with it, Sampleslide or Faderworks?

And MIke's plugins need some latency-compensating too, right?

Jimmy
