Got a UAD-2 Duo Flexi for 889.00 USD.

It came with a \$650 coupon for plugs which made the deal impassable for me.

Hi Gary,

I got Quads, Solos and a Duo in stock.

The Flexi's we usually special order.

Email or call me directly for pricing.

I'm all out of the Ferrari's though.

Thanks very much. I just called and he does indeed have good prices. But I am curious, the UAD website says that the flexi versions come with a \$500 voucher. How did you get \$650? :)

I got mine from Chris Ludwig. He gave it to me and paid me \$2000.00 and a voucher for a new Ferrari California. that will buy enough gas to drive it for a week.

Hi Gary,

This is the promo that got the extra \$150.00  
<http://www.uaudio.com/promo/uad1/uad150.html>

They also just announced another \$50.00 coupon if  
used before 12/31/08.

This stuff basically amounts to a free plugin here or there.  
When it comes to UAD stuff that's something special.

I've ended up with the DBX 160 VU and Neve 88 RS channel strip.  
Maybe the Moog Multimode Filter and the Harrison 32 C  
to boot. I haven't tried these yet but if they're as good as all the  
others I am not worried. I'm also thinking about a cleaner mastering  
limiter to help my mixes out. NoLimit has it's limit.

The UAD stuff is killer for any DAW I should think.

Tom

Aaron & Rod,

Ya, I have a 161 here that I use all the time on bass.  
Same box unbalanced.

The software will give me more goodness.
