Hi Aaron,

Sorry to post here but I lost your email address.

Don N. has kindly agreed to hook me up with a BT DVD, and reminded me that you were the force behind the original creation and that some sort of royalty payment might be appropriate - do you accept PayPal ?

Best Regards,

Stewart

Sound Dog Recording Studio
Sydney, Australia.

Only accepting thanks at this point, I've declared the work public freeware to anyone wanting it. Enjoy the show bro.

Well, I'm not opposed but I think Kerry was working on a project with it so
I'm content to leave it in his capable hands. I'm sure we'll see it happen,
I know it's on his list.

It hasn't been forgotten, the video's definitely going to enjoy a prime place on the Wiki (assuming BT's cool with it - I'll need to get a current email address for him). TC has a copy for me - I just haven't managed to link up with him to get my hands on it yet. But shortly, I hope!

The kitchen? A cooking video?

Cool! PARIS Cuisine - it's from France!

:D

Anytime Kerry.

I just got Paris up and running over the weekend back on the Mac Pro with Mike's drivers.. just running it through some tests but so far so good! I'll post my configuration here shortly for general info..

Cheers,

TC

Hey Aaron, what ever happened to that thing you were doing in the kitchen?

I thought there was going to be a follow up video???
