in
great shape cosmetically. One thing about it is that I bought it used. When it arrived here, the bottom plate of the unit was unrivited. I have secured it with black gaffers tape. If it is racked, this is invisible. If it is not, it is visible if you look hard. Functionally, it is 100%

135

1 - C16 (Blackface) - 130

1 - C16 (Blueface) - 135

1 - IF-2 Interface

Version 2 software

If someone is willing to buy entire rig - I'll let it go for \$1,100 US dollars - otherwise, individual pricing brings this to ~\$1600

If interested or want pictures etc. Please feel free to email me at
blund@westlundstudios.com

Kind regards,

BradOne mistake - not IF-2 - rather 442 my humble apologies! I have both of these in excellent condition. No longer necessary for my system.
