Hi Mike,

i did find the latest driver 5.1.0.0 on my HD system. I have bought it, in 2018 order number 130.

This one don't work right into my system ??? Device Manager Error Says : Code52

Best regards  
Dan

The screenshot shows the Windows Device Manager window for a computer named 'Cubase-PC'. The 'Ensoniq DSP' category is expanded, showing the 'ENSONIQ Scherzo' device with a yellow warning icon. A context menu is open over the device, and the 'Eigenschaften von ENSONIQ Scherzo' window is displayed. The 'Allgemein' tab is active, showing the device name 'ENSONIQ Scherzo', driver provider 'ENSONIQ', driver date '31.10.2016', driver version '5.1.0.0', and signature provider 'techservices.ca'. Below this information are several action buttons: 'Treiberdetails', 'Treiber aktualisieren', 'Vorheriger Treiber', 'Gerät deaktivieren', and 'Gerät deinstallieren'.
