>This is a single-channel Brent Averill refurbished Neve 33122 A
,Mic-Pre/Parametric EQ.It will power weak ribbon mics. It has +80DB,in
selectable increments.The low end on this will kick serious ass.High end is
classic Neve crunch. 4-Band EQ.Selectable low/hi pass freqs,sweepable "Q"
on each band. 1/4 inch direct in on front. One XLR input ,two XLR outputs on
back.Requires power supply . This power supply is \$300.It can power another
unit at the same time. Price: \$1,500 with power supply. (I don't want to
sell the power supply seperately).Rply to this for more details.I really don't need a system this big
anymore!!

PARIS Pro Bundle(sort of)includes:

Black C-16 with Paris Pro labels

Black MEC

New(tested)EDS1000 w/interconnect cables and accompanying new unregistered
V3.0 CD

All other Cables, (Mec SCSI and PARIS ribbon), Original ParisPro Manual -
\$595

Also:

(2) IF/2 - \$25 each.

(2) EDS1000 w/ interconnect cable set - \$225 each.

(1) A8iT MEC Card - \$195.

(1) A8iT MEC Card (Channel 1 is intermittent) - \$150

(2) ADAT MEC Card - \$195 each.

Please respond here or shoot me an email if you're interested.
