Now, some of you may have picked up that I enjoy the odd beer. ;o)

I actually have a beer fridge with a glass door and all, which has a selection of 12 beers, from all over the place, at all times, and I try and rotate which beers are in the fridge each month when I do my beer shopping. :o)

So I was thinking that surely some of you have some great beer suggestions for me. The difficult part is of course that boutique beers from north america can be pretty hard to find down here in Australia. Our range of European beers is getting better, especially if you shop in the right places, but there's not that much from the U.S.

But if you have favourite beer, give it a shot,I'd love to know what it is.
I'll see if I can't find some of them and give them a go. :o)

I mean you guys must know something about beer. ;o)

Cheers,
Kim.
