Hey All! Wow, being on this forum takes me back! I need to find a new home for my Paris gear. It's all in pretty good shape and everything was working well last time I used it (maybe 5 years ago). I would basically like to box this gear up and ship it to someone. You pay for the actual cost of shipping plus \$100 for my time and agree to take the lot. I have the following:

1x MEC

1x Analog 8 in card for MEC

1x 442

1x Control 16

2x EDS1000

All associated cables

Let me know if you are interested.

Thanks!

John

Hi!

I will take the lot! Let me know.

Regards,

Ben.
