They are well made and come in a variety of colors, which is quite handy.

I've been very pleased with their performance and durability.> I thought about the Studio Projects
C4, but haven't heard any feedback on

I have used a pair of these on a string trio - (quartet 2nd violin OD).

I felt they worked very well on a budget. This was a school project with
zero income but the young client was pleased with the results so far.

I ran them preamp through Mackie VLZpro via the insert out trick.

I would not be embarassed if the young s

for setting me straight, DJ. I thought it was DPA instead of Shoeps.

I've got a good project coming up in a couple of weeks that a stereo pair
would work great on. Can't wait to pull out the old credit card...

David L

Regarding Amy, I hope the treatment is effective. FWIW, a friend of mine is
alive today because of stem cell treatment he received a few years ago. Best
wishes for you both.

Let me know how you like these.....and thanks for the encouragement.

;o)
