Got a suggestion? Comment?

I mean, not "why isn't X up there" - after all, that's your job - but "Can the Wiki do mindmaps?" or "how can we index it so it can do X", or "where can I find documentation?" or "can we at least get the Wiki a meaningful domain name like www.PARISWiki.com or something???"

Let me know. I'm no expert, but I can at least find out where to find out.
