Hey Parisites,

Here's a new single recorded and mixed entirely in PARIS.

I used nothing but EDS plugins.

Official release date is Nov 3rd, but iTunes pre-order is available now which includes a 90sec preview.

Would love your feedback on mix etc/

Best
Pete

Like it!

Will there be any CD release? I'm pretty useless at itunes - still playing vinyl.

Also my Paris system is still not ready, and my monitors are in boxes, so I can't listen to it properly.

It sounds awesome! The writing and performance are great, too.

Sweet!

Hey, Pete!

I've been thinking about your track.

Do you mind elaborating on hat mics, placement, pre-amps, and which EDS plugins you used and how? The recording sounds really good, and I think there is a lot to learn from in your work.

Of course, if these are trade secrets, that's fine, too.

All the best!

Mike
