Here's what's available:

- <-SOLD-> (2) EDS-1000X (including interconnection cables)
- (2) C16 (recently cleaned, so the rotary encoders all work well)
- (1) MEC & scsi cable
- (2) Analog In Cards
- (1) Analog Out Card
- (1) ADAT Card Blackface
- (1) ADAT Card Blueface
- (1) IF442

Prices are \$150 each for EDS cards and MEC expansion cards  
\$50 each for IF442, MEC, and C16's

Buyer pays shipping from Ottawa Canada.

Cheers

Kris

Hey Kris, I still wanted those C-16s. The last time we talked you were going to look at the one that may have had a small problem or not. I was waiting for you to call, then got real busy, then ran out of money. More cash is coming in. Also, do you have any of the X jumper cables to chain the EDS1000 cards together.
