Hey.. Has anyone else tried ou these plugins? http://antress.myweb.hinet.net/

See my post reply on my findings.. Would like your opinions..hey are free
, give them a try...Thanks

i would if i could get it to download properly. it keeps quitting at
different points anywhere from 1/2 mb to 13.5 mb.

Just got 'em loaded up onto my ProTools rig yesterday. Love the GUI on
everything. So far enjoying the limiter compressor, and the spacer very
much :-D.

Thanks for the heads up, LaMont,

CL
