So, I have a question....

Do people like this on YouTube have more money to burn than I do, or am I spending my money in the wrong places - things like housing, food, kids, wife? ;-). I should look into video taping running over an iMac with a Hummer H3.

They guy could have just sent the iPhone to me. Postage is cheaper than video production.

53 idiots! This proves it, some people really are stupid. Some people will buy anything. Now watch, some guy will buy it, call it art, and some other idiot will pay millions for it.
