Hello. Sorry if this has been posted a million times, but I have downloaded the Paris Skins and have no idea how to install them. I have viewed the bitmap files, and would prefer that look over the sand-colored original. Can someone please point me to some directions to get them into PARIS? I don't see any .bmp files in the PARIS directory to rename and install over.

Thanks.

Bob H.

I feel like such an idiot! I listened to an elf!!!

Thanks.

Bob
