Subject: Looking to buy full Paris rig Posted by n0samples on Thu, 05 Feb 2015 20:32:53 GMT View Forum Message <> Reply to Message

I'm looking to buy

- -2 PCI cards
- -1 C16 controller
- -1 Mec
  - \* 8 Inputs
  - \* 8 outputs

Optional: ADAT card

It all needs to be working and tested, ideally in NYC for a local pickup.

I'm willing to buy from separate people, but my preference is to buy as a kit to save on shipping.

If you're looking unload and get out of the game and have a working system without glitches due to hardware, this is your chance.
