This isn't meant to be a political post. Regardless to your politics, people should hear this tape. Be careful you don't ever bump somebody in a bathroom, you could get charged with solicitation for sex. It doesn't sound like he verbally ask for sex. It also sounds like he didn't touch the cop in any sexual way. This audio is not the whole story, but I personally think it's a typical over zealous cop that is use to getting his way and had a big fish this time. The cop is the one that gets aggressive on the tape, I think it's somewhat intimidating.

Pleading guilty to a lesser charge if your not guilty, was a dumb move.

Yeah, but you REALLY need to be careful who you bump feet with in public bathrooms.

It could be George Michael...

So, is it just me or is there something just a bit odd about a cop trolling
for pickups in bathroom stalls....

Yep, police work, that's what it was, of course, no doubt, yes siree....

I didn't know police officers had business cards that said "Police" on them
(the uniforms and badges can be so confusing...). Quite clever - they probably got the idea from "Get
Smart"....

I spend time w/cops and security personnel as a job function, and the funniest things I've seen are pink handcuffs with the female cops (boy, that'll neuter the steriod/wife beater types quick) and the "Don't Get Out of Jail Free" personal business cards that look like they came from the Monopoly game.

That being said, I think probably that particular cop was just being a difficult little prick from what I heard on the tape.

The whole thing sounded pretty "iffy" after hearing the tape, but there is one thing to consider, the restroom in question was (reportedly) notorious for guy-on-guy anonymous pickups and was not on Craig's way to/from any of his connecting flights. He would have had to go out of his way a considerable distance to end up there "by chance".

Actually I think it was a ploy by the media to have something else to talk about now that Michael Vick is hosed and Alberto gonzalez has resigned.

so what if he's gay. if it's a "notorious" spot then the odds of no one who wants to be there is. seems to me there are more important things to do than sit in a john and wait for someone to pick you up.

Yeah, I figure he was on a fact finding mission to try to discover how many
marriage proposals he could accrue in an airport bathroom within the span of
an hour so he could go back to congress and vote against same sex marriage
with some knowledge of the subject.

I'm gonna get some cards made up that say "POLICE" and start slipping them
under the doors of occupied stalls in airport restrooms and then run outside
and take pictures of the stampede with my cell phone camera and post it up
on YouTube.

I have a couple of official police business cards that have never gotten me out of jail free but sure have shortened some traffic stops.

Doing installs... Couple of big churches..

Man I worked my butt off. We actually kicked the system designer off the first project. We walked away from a bid opportunity because the design was such a POS. (and it was done by a bigshot colleague of a major speaker manufacturer who shall remain nameless...)

The super calls me up and asks why we walked away, so I told him. He asks me to document what is wrong with the design please. I was dumb enough to do so (this is not considered good form to criticize colleagues to the client...) But then he and the client liked what I wrote up so much that they paid off the designer, sent him away, and we got to re-design it and do the install!

That was a first...

It came out really well. Tri-amped, 3000 watts output, all DSP management, delay clusters, nice Allen & Heath 32 channel etc..

The client loves it. Now I just need to clean up the damn studio here and put the tools away...

How you all doing?

Yeah, but every time I send a teenage boy in the girls room, I get busted!

Public bathrooms are not for sex. You ought to be able to have a crap
without anyone doing that. Yikes!

We have several gay friends and none of them is interested in kids. One did make a pass at me once. I smiled and demurred. He's still a friend.
