Could someone direct me to any links that help with
this setup? I recall there being a few thing that had
to be done correctly to make it work.

Thanks very much.

Hey,

http://www.parisfaqs.com/

Most of the way down the page there is a link that goes here:

http://homepage.mac.com/osxlover/ParisFAQs/parisonxp.html

David.

How do you know when your singer is knocking at your door? He can never
find his key and he always comes in at the wrong time.
