No response from ID yet - my 7 days is up....I want to avoid the anti-Pace thing, because I worry about the effects on my system, and since I shelled out a decent amount of money for 3.0 the day it was released I shouldn't have to. Now, however, I am without a functioning Paris system. I have emailed ID multiple times at this point.  
AAAAARRRRRRGGGGGGGHHHHHHHH!!!!!!!

Anti Pace is not evil. Pace is.  
jump in.
