Brad,

Did you ever get my email? I was wondering, since I also didn't hear back from my last posting here.

Unless someone bought the whole rig.

pabi have now get paris installed on pc/ with xp !!

it works THANK YOU AARON.

everything worked, but i have a little p

ck i hear the signal.

then i add this single track to mixer window and i hear nothing and see no signal.

can anybody help me??Hi, anyone with Paris 3.0 software for the Mac?

Thanks,
John

jahndhi@comcast.netOK, there are cards for sale all over the place, until I need one.

I was hoping to buy one from Brad's pile, but never got a reply from him either via email or the group.

So, I have a concert at the theatre on April 15th. I need more channels - I need another 8in card.

Please let me know.

Or, alternatively, if you have one you could lend me for a couple of weeks, and then I'll look to buy one later...

HELP!!!

pabWipe all device connections in the patchbay and manually reco
