I
work fine.

(arf arf)

;oPAI home studio, all killer, all working.

I just never use it anymore. I'm keeping one EDS cards for now, unless someone offers me original retail price for them! ;)

All original (vintage) black. My very quick price survey here yields the following:

EDS-1000 - \$225
8-in card - \$300
MEC - \$200
C-16 - \$150

I'll need an IF2 or something to hear my old mixes, so I'll take that in partial trade if I can't find one here.

My email address has a fake domain name. You have to adjust it for it to work. No, really! The martial arts part (or Newsradio reference, if you're hip) is the real deal.

- Stefan (ol' timer)Here is what I have left;

(1) Paris Mec \$175 OBO
(1) Paris In \$275 OBO
(1) Paris In \$275 OBO
(1) Paris c-16 SOLD (pending)
(1) Paris Out SOLD
(1) Paris EDS 1000 card SOLD
(1) Paris Video DVD SOLD

All of this gear is in very good condition, very clean and only used in my smoke and dust free studio. This system is in PERFECT working condition.

I'll cover shipping via UPS (inside US only). Paypal preferred.

Thanks,
Steve Helm
