Saw an article today... J-Ho - I MEAN, J-Lo's new album has sold only about 53,000 copies so far. The label put \$300k into the video alone, plus \$120k into covering the expenses for a couple of her TV performaces (Today Show, Dancing with the Stars), never mind whatever it cost to record the thing.

Don't think they'll be recouping on this one.
