I have two complete PARIS systems
#1 has Mac G4 750 with 2EDS 1000 cards
2 of the one rack space interfaces
I'm not sure what the model number is
but they only made two interfaces
the MEC and this one

#2 has a MAC G4 dual 1000 with 2EDS Cards
and 2 control 16 surface blue
2 MEC's
I have an extra control 16 black face
they both have the latest PARIS software installed
and they sync up

I'm just trying to see what I can get for this stuff

the gear is in San Jose CA.
I am in Beijing I will be going back home sometime in July
to sell somethings and move to China
I'm not completely sure that I will sell my PARIS gear
but if I get the right offer.

anyone interested please feel free to contact me

THX.
