Dear Chuck,

Her is what I propose.

You send the reverb from Graig to anyone asking about it on a certain condition.

If Craig will sometime get in touch with you and he asks about getting paid we (receivers) of his reverb are bond to send him some money the highest being say 50\$.

we also are bond not to give this away to anyone else.

Don't get me wrong here, just a proposition made to make things go faster !!!

Let us know.

I sign the above.

Regards,

Dimitrios
