If you were ever an ELO fan this DVD will be a long time keeper. And who is that hot chick singing up front with him. WOW ! DTS sound too. Very well mixed IMO.

John,

I agree!

Jeff Lynne was a huge inspiration to me in beginning  
this journey in the music biz.

I thought Greg Bissonette did an honorable job in staying true

It was very cool to see the fire extinguisher revealed as the  
giant cowbell on "Mr. Blue Sky"!

It was also great to see Richard Tandy in action.

He's one of my favorite keyboardist.

What a shame that tour never made it off the ground.

I've waited my whole life to see that concert.

A Fellow Fan,

Andy Pow

I agree it was one of the best theatre concerts on DvD that I have seen and heard.

It was like a trip back in time with every song... it was all good and made me smile...

And yes, the girl backup is Rosie Vela. She is a hottie and she isn't new to the music world. In fact, I read somewhere that she took a break from her own touring and recording just to be on this show. More info on Rosie

is here: <http://zazu.zzzimbob.com/zazubio.html>

I also especially liked the two very sexy girls on the oboes... how classic and well styled....

On my scale this is a 10!
