The screenshot shows the Windows Device Manager window titled "Geräte-Manager". The left pane shows a tree view of hardware categories, with "Ensoniq DSP" expanded to show "ENSONIQ Scherzo" with a yellow warning icon. The right pane shows the "Eigenschaften von ENSONIQ Scherzo" window, which has tabs for "Allgemein", "Treiber", "Details", "Ereignisse", and "Reparatur". The "Treiber" tab is active, displaying the following information:

Treiberanbieter:	ENSONIQ
Treiberdatum:	31.10.2016
Treiberversion:	5.1.0.0
Signaturgeber:	techservices.ca

Below the information are several buttons: "Treiberdetails" (Details zu installieren), "Treiber aktualisieren" (Treiber für dieses Gerät), "Vorheriger Treiber" (Vorherigen Treiber nach der Treiberaktualisierung), "Gerät deaktivieren" (Gerät deaktivieren), and "Gerät deinstallieren" (Gerät vom System entfernen).
