It appears to be the only release of this work...

I loved the first one of his I bought, called Sanctuary, and this one is terrific also.

If you want to hear music in a new way. If you have heard enough rock cliches to last you through the year 3000, then this will clear out your head indeed. It's like a new vocabulary, strange and beautiful yet compelling.

Great stuff. Thanks Brian!

This is all I can find.

and it is incomplete and the audio is low, but it is something...

So Don, how can I listen to some samples of this? Is there some way to pre-listen?

By the way, still no new addition to the Porick family. My wife's due date was yesterday (Tuesday, 11/6). On Monday the doctor said it might be another week yet.

Don't let them wait too long. Friends of ours lost one when the doc kept making them wait after the due date.

Why aren't they inducing labor?

(feel free to not answer here if you don't want to. I can get you my email if you would prefer)
