A mind is a terrible thing to waste....

It's not too late, save yourself!

Well............they *are* German plugins and I am somehow able to channel
the language when attempting to authorize.........sorta'

;oP

I don't see anything wierd here. Looks like my average business user trying
to open outlook on a pentium 90 they are too cheap to upgrade.

AA

It's what my clients tell me their previous sound guy was like when they
make a suggestion to do with the mix.
