A friend of mine has given me some Paris hardware items for sale on eBay. I thought I'd post here first.

There is:

2 Control 16 fader units

2 MEC

2 ADAT Sync cards (SOLD)

1 Video Sync card.

A bunch of cables. (sorry for lack of detail. Don't know much about Paris systems)

I can post pictures later. (I just now joined the forum).

Not sure what price to sell yet or whether to sell each item separately.

I'll be putting whatever is unsold up on eBay in early May.

Cheers

Jim

Jim -

You can check the other listings for approx pricing.

Is there no PCI card (EDS 1000) with any of this?

Good question. It's late here now but I am seeing my friend on Saturday and will get back to you with that. I don't see it in the things he gave me.

If you don't mind calling me I'd like to know what you still have. I could use most of everthing and have spare stuff for when needed.

Hi Steve,

Good talking to you today. Shipping will be \$60.00 in Canadian funds. I take Paypal. Thing is I can't ship until the weekend or early next week (I think you said you were in a rush).

I'll be busy up until Friday and will try and call you then in case you didn't get this message.

Cheers

Jim

I'm needing at least 1 C16. Do you still have them?

Danny Parks wrote on Tue, 17 May 2011 21:43 I'm needing at least 1 C16. Do you still have them?

Yes I do. One has 2 faders (1&2) that are quite stiff but move so I am not sure if they function. The other looks OK. I will sell both together.

I'm asking \$50.00 for both plus shipping.

Cheers

Hey Jim,

Feel free to call at 615 300 4496...I may take both of them if sticky faders are the only issue. Did you use them, or did someone else before you?

Thanks, Danny

Hi Dany,

I never used them. They were given to me by a friend to do as I please. I can't guarantee they work but he did say they did except for the 2 faders.

At this point I just want them out of my living room (or my wife does! )

They are heavy and not sure how much shipping would be. I'm in Montreal.

I'm away all weekend and back on Sunday evening. My phone number is 514-696-1234. Lets touch base Sunday or Monday.

Cheers

Jim
