I'm just not getting this.....or maybe I am and just don't want to.

Maybe I need to get out more or something.

Does that guy have his lips stitched together or are those just rigns pierced through his lips. Man, if someone like that knocked on my door at night and it wasn't Haloween, I'd likely let the puppies snack on his ass.

Hi DJ,

It's only disturbing in that it is really boring Fruity Loops presets and old loops from Sony ACID. OOhhh circa 94-96 drums-n-bass jungle with a goth industrial vibe wow now thats original. Well maybe in 1994 it was. Not sure why he is using Cubase, Fireface and all that outboard gear. He could have got the same results with a pirate version of Fruity Loops and a Sound Blaster.

I'm disturbed by the white text over the white skeleton on his bio.

It's really hard to read and gives me a headache...

Cheers,

TC

Well of course, it's another schlub trying to shock the bourgeoisie.

But on a deeper level, it's a good example of what the enemy of souls desires for each of us.

None for me thanks...

Usually when things try so hard to be disturbing, they're kind of silly. I suppose if it was really LOUD and I was 19 and on ecstasy, it might be just thrilling. But since I'm 20 now . . .

The loud part of it doesn't bother me at all.

I only listened to the music before I commented. Upon checking out the imagery further, it definitely is kinda creepy.

y'know...I kinda agree...I'm mean...holy cow ...soundtracks for your next suicide?...pretty goofy stuff...and that guy with the rings...I don't know if he needs a hug a kick in the ass....what the hell's an old guy supposed to feel about *that* kinda stuff anyway?...

I just don't want to seem like I'm losing touch with the younger generation but.....

glad you think so.....the music....well I think it sucks, but that's strictly personal opinion of the genre.I can certainly live with people having different preferences. It's the message of the music (screaming DIE!!! DIE!!!) along with the imagery that is sick and sad. I mean, when I was young, I got depressed sometimes when life seemed to be one giant suckage, but this looks like Columbine waiting to be revisited.

But hey.....it's a free country and it wouldn't be PC to deny someone the opportunity to slaughter themselves and their friends.
