I found a great deal on a 13 PCI magma chasis

it is 5 volt

[http://cgi.ebay.com/Magma-PCI-Expansion-Chassis-13-Slot\\_W0QQitemZ120547982863QQcmdZViewItemQQptZLH\\_DefaultDomain\\_0?hash=item1c11383e0f#ht\\_601wt\\_1167](http://cgi.ebay.com/Magma-PCI-Expansion-Chassis-13-Slot_W0QQitemZ120547982863QQcmdZViewItemQQptZLH_DefaultDomain_0?hash=item1c11383e0f#ht_601wt_1167)

looks good correct?

I'd like to win this for \$225. The guy has a few at least that is how it looked when I clicked on completed listing!

Bump

just want to make sure this would work with Paris etc

Any particular cable I'd need?
