Ok - this is no April fool's joke. I'm just now getting around to checking this plugin out. I must also say - that I \*really\* don't dig digital amp stuff, but upon initially messing around with this (basically just turning it on), I am certainly not scared off, and have a feeling that I will probably end up using it more than I would think so.

These samples are from a project that I'm in the middle of wrapping up. It's a collaboration between myself and a good friend - it's a strange fusion of styles. The group is called Fingerpuppet Orchestra, and the song is called Disco Rodeo, and you should hear Mike's plug on it.

rock on!,
