20.00 each.

All items are black in color. PayPal accepted, email if interested.

TommySorry guys, I was doing some cutting and pasting in creating the ad and in doing so listed an incorrect price for the 8-in card.

I meant to price it at \$150.00 instead of \$75.00.

Thanks,

TommyHey Tommy,

You're not leaving Paris, are you?

grade is \$149.00 or less.

http://www.m-audio.com/products/en_us/ProFireLightbridge.htm I

Tascam DM-24 24bit 96Khz Digital Mixer, I'm asking \$725.00, It is my opinion
that it needs a new LCD screen the cost from Tascam last I checked was \$171.00.

it's easy to replace. I also have two Adat cards I'm asking \$150 each and I have the hard to find FireWire card, the FW card gives you 24 ch. I/O, I'm asking \$450.00.

<http://tascam.com/products/dm-24.html>

Behringer MX 9000 Mixer, this is the one with the full meter bridge, this mixer was used on one project and is basically brand new, it's mint, not a scratch, I'm asking \$875.00.

Here's some info: <http://www.zzounds.com/item--BEHMX9000>
