My good friend and ever-patient Paris mentor Tommy Detamore recorded "Heartbreaker's Hall of Fame" for local Austin talent Sunny Sweeney a year or so ago, and it's been picked up for national release.

Sunny recently signed a deal with Big Machine Records of Nashville, responsible for charting 3 top 10 hits, including a #1, in the last year. The label apparently heard Tommy's great engineering, production, and musicianship skills, and said "What's to fix?" It goes to release in March untouched. Apparently the label sent the mixes to a well respected Nashville mastering house, and they responded with "Don't bother, I wouldn't change a thing...."

If you know much about how the Gnashville machine works, this is a pretty rare event. Way to go Tommy!!!

Terrific!

Congratulations

DC

And did we mention how great a steel player he is, too...

:)

Thanks to everyone for your kind words and support! I guess Paris still passes  
the "sniff" test with the big boys!

Now if they can just stir up some Grammy votes for Sunny, that would be awesome...!

---
