Guys...

I need to know the absolute cheapest way to ship my two MECs.

I tried doing the UPS calculate shipping thing but it keeps defaulting to second day air rates.

Sh*t I want the cheapest ground rates.

Anyone that has shipped a MEC, could you please post what you paid for shipping if you recall and who you shipped with?

THanks,
b

use the post office. it's half the cost and it ships via ups.
