Some of you may remember me from loooooong ago (when PARIS was but a twinkle in our eyes).

Anyway... I haven't used PARIS in a loong time either. I do VI-based composition, and very little actual audio. Too bad

So I'm finally getting around to selling my MEC, 8-in card, and C-16. (EDS cards went a bit ago)

I didn't know about this forum, or I would have posted here first, but now they're on eBay. So here's a heads up.

I hope all my virtual friends from here are doing great!
