condition,smoke free studio. yadayada.

pay pal only please

If you are interested in anything email me at :

alex.plasko@snet.netI would like to post here how great chainer goes with senderella especially regarding the aux bus returns.

You can save on audio tracks by using only two audio tracks for your stereo
sendere

sses configured either mono or stereo (4 stereo).

I believe thats enough !

The only small drawback is that my default project takes around 2 minutes
to load !!!

I don't know why...

Regards,

Dimitriosall sold except for:

C16 - \$25

Print PARIS Manual & tutorial - \$10

+ shipping.

>yo@kingtone.comHey Paul! There is a guy that has an 8 in card with a MEC and a C-16. Last
I looked the Bid was \$147.00. The auction ends in about an hour and a half.

Good luck!
