Hi all.

I had some spare time a while ago, and got hold of the "leaked" multitracks of Stevie Wonder's "Superstition".

This was one of my favourite songs back in the day, so I decided to import them into Paris and do a remix, in order to hear it the way I would have liked to have heard it back then.

Probably not "PC" to mess with it, but I kept it pretty honest, and added some depth and detail.
