needing a new battery but other than that, it's good to go and in great
shape. I'm going to unrack it over the weekend and see what I can do about
the battery situation. This thing has some killer patches.....the
Rhodes sounds are worth the price of admission alone. \$350.00

Boss DR 5-My first midi module. Purchased in 1995. Works great and is tres
fun. I've got the manual here and also an instructional video tape (VCR
format)-\$100.00

If you want 'em all, let's talk. I'll deal.
