The screenshot shows the Windows Device Manager window titled 'Geräte-Manager'. The left pane shows the tree view expanded to 'Cubase-PC' > 'Ensoniq DSP' > 'ENSONIQ Scherzo', which has a yellow warning icon. The right pane shows the 'Eigenschaften von ENSONIQ Scherzo' dialog box with the 'Treiber' tab selected. The driver information is as follows:

Property	Value
Treiberanbieter:	ENSONIQ
Treiberdatum:	31.10.2016
Treiberversion:	5.1.0.0
Signaturgeber:	techservices.ca

Below the information, there are several buttons: 'Treiberdetails' (Details zu installieren), 'Treiber aktualisieren' (Treiber für dieses Gerät), 'Vorheriger Treiber' (Vorherigen Treiber nach der Treiberaktualisierung), 'Gerät deaktivieren' (Gerät deaktivieren), and 'Gerät deinstallieren' (Gerät vom System entfernen).
