Just wanted to drop a line to say thanks to so many people who assisted in ways you can't imagine (from the help and information I've gotten from this group), I'm sure there are some I've forgotten to mention:

DJ, Doug Wellington, Aaron Allen, Kim, Dimitrios, Rick Parnell, Chuck Duffy, Chris Ludwig, Gantt Kushner, etc.

This was a fun project that could not have been done without all of your tips:

Still using PARIS.

Mike.

Michael. I'm going to give your project a good listen when I get some QT. As far as my help goes, in all honesty, most of what I advise (well.the stuff the might be considered good) is regurgitated from what I have learned here. I do have a pretty good original database of *what not to do* though.

;o)

Congrats on completing your project. I never can seem to do that. I just give up on it at some point.
