Being up here in the Great Green and Hot North we only hear rumblings of the impeach Bush movement...so I'm wondering does this thing has any legs?

Probably not. The Vice Pres is probably worse, so we would have to impeach him too, and then we'd have a real menace to society, Nancy Pelosi.

I'm afraid it's a no-win situation. He has less than 600 days to go.

I still stand by my position that the idea that he lied is not valid. He went with the same intelligence assessments that Clinton had been getting for years.....and so did everyone else. Those in congress who voted for this war and now accuse Bush of lying are doing it to save their own asses and are the scum of the weaselworld.

If we're going to impeach Bush, let's do it for the right reasons. Not enforcing existing immigration laws would be a good start.

DJ, he lied and you know it. Don't be naive. My god, this is a lie even Ray Charles can see. You're kidding right? Even I can't be taken in by Bush's 3rd grade brainpower.

Ooops, I forgot a :) in my post...

And no, I don't think that's all BC lied about. You can't be a politician and NOT lie. I just think it's funny what gets you impeached. I guess the peoples like the killings, the tortures, the secret prisons, no due process and the rest.

I happen to think too many people have paid the ultimate price for his decisions. I also think BC screwed over a lot of people. I'm still pissed at the democrats for rolling over. I'm pissed at the press for rolling over. It's a sign of how f-ed up our system is.

So tell me where the right direction to go is?

;))

No, DJ you are wrong. The CIA told us all that the Bush team went on their own and fabricated intelligence. They then, took their version of Intelligence and sent it congress.

I could give a rats ass about immigration. In my opinion, all Americans are illegals aliens except for the Natives.

From thre Mayflower, African Slave Trade, Ellis Island, 1960's Arab immigration, there were no laws stating that a certain race meet standards. Now, we want to start enforcing. Sound kinda late in the game if you ask me..

I'm not defending the seemingly incurable spinelessness of the =
leading democrats,=20

Yeah.you are.....

Am not! Am not! Am not! Nya nya nyaaahh!

but I'm also not deluding myself about the reasons for invading =
Iraq.=20

...yeah, you are.....

Am not to infinity!

there is another kind of magical thinking.....it's called repeating =
the same behaviour over and over again and expecting different results =
(ie, insanity) . . .

Oh, you mean like the last four years in Iraq?

Let me just get this straight . . . do you actually trust the Bush, =
Cheney, and the gang? If so, how can you, with the ever-expanding =
evidence suggesting that you shouldn't? And if you don't trust them, =
how can you possibly support what they've been doing?

I think Paul O'Neill may have been the first ex-Bushie to tell us =
that a plan to invade Iraq was in the works long before 9-11, and that =
Al Qaeda was not a priority for the Bushies. The philosophy that =
inspired the invasion is spelled out in the Project for a New American =
Century document, "Rebuilding America's Defenses." You can read it =
yourself, if you like, on their website =
[http://www.newamericancentury.org/RebuildingAmericasDefenses .pdf](http://www.newamericancentury.org/RebuildingAmericasDefenses.pdf) (The =
famous "new Pearl Harbor" bit is on page 51.) Or there's a short little =
video <http://video.google.com/videoplay?docid=3D-6638713703231012207> =
that summarizes this and the earlier "Wolfowitz Doctrine". Admittedly =
melodramatic, but saves you some reading. :)

Better yet, I recommend any interested parties go watch the =
documentary "Uncovered: The War On Iraq." It consists mostly of =
interviews with CIA, state department, high-ranking military, UN weapons =
inspectors, and other official types who probably know more than you or =
I about the lead-up to this mess. Yeah, that's it, watch that, and tell =
me what you think.

S

PS: I'm telling DC you called Jesus "Rob Zombie." :)

So Bush was just talking a walk in the park and ran into it? Oh DeeJ, I'm so disappointed in you. I never ever ever thought you were so blind.

To say that he didn't would be to say that he was Clinton's point man at the CIA. I'm far from blind amigo. You can ascribe whatever motives to Bush you want regarding Iraq, but the intelligence assessments were based on Clinton's crew. Bush had not been in office but 9 months when 911 came along and if you think that an American president was remiss in being extremely concerned about a dictator with whom we were at war, and who who was defying the UN sanctions, buying munitions instead of medicine and food and denying uninhibited UN inspections. You'd be jumping up and down screaming about what a bad president Bush was if Sadaam had invaded Kuwait again, then Saudi Arabia and our oil prices were now \$10.00 per gallon, or worse, if he would have popped a nuke somewhere and we had to go in there anyway.

Use your head a little bit. The past always begets the future.

Regards,

Deej
