3 more project conversions and then...my PARIS rig goes up for sale.

I have been rendering all my projects to WAV files.

3 more projects and I am done.

Should be done this week.

So next week I start the transition to Cubase SX3.

I have been checkin out some tutorials for Cubase.

Lots to learn.

Brandon

I'm loving the 9652 rme card with 3 digimax fs's and cubase 4. I have a lot to learn but it's pretty sweet.
