Hey Dedric, for some time I felt I owed you an apology for telling you off.
I had a knee jerk reaction to what I felt at the time were personal attacks.
I was wrong for what I said and I want to publicly say I'm sorry. I hope
you will accept my apology.

James

Hey James,

No problem - I'm sorry if my posts came across as attacks - that was never
intended, but I could have been more considerate. Thank you for the apology
(accepted) - hope you'll accept mine as well.

This is a great group of people - we all have our differences in views, but
that's what makes it a great place to converse and socialize.

Best regards,
Dedric

Just for the record, I take great pride in being a complete jerk, so please
don't include me in your 'great group of people,' I never fit into groups
like that anyway.
